

# Stander X: Riding Mower

**The Wright Stander X: The Stander of Performance in the lawn mower industry.**

Built with the most advanced and dependable mowing technology available, the Stander X™, like all Wright mowers, is the definition of commercial mower productivity and durability. With innovative cutting deck technology such as anti-clumping baffles to prevent debris buildup and a vacuum effect to pull grass upright for the cleanest cut possible, you'll find that mowing the Wright way gives you the best results in the shortest amount of time. Compare the Wright Stander X to Scag mowers or any other type of commercial mower, but this type of quality, durability and efficiency can only be found in a Wright mower.

Like all Wright mowers, the Stander X™ provides many benefits:

- 
- Rugged and durable deck sizes of 48", 52" and 61"
- Engines: 22.0 and 23.5 HP Kawasaki;
- 24.2 HP Kohler Command Pro EFI; 24.0 HP Briggs Vanguard
- Quick Cut™ height adjustment
- Low center of gravity and large wheels for hillside stability
- Hydro-Gear® 15 cu. in. wheel motors and 12 cc pumps with cooling fans
- Sealed tapered roller bearings in front casters
- No seat, seat belts or arm rests mean you can step off for a quick exit or to pick up debris

The Wright AERO CORE DECK™ is one of the most advanced cutting decks in the world today. With turn-on-a-dime maneuverability and state of the art vacuum technology, the AERO CORE DECK™ delivers unparalleled cut quality and mower control to your commercial mower. Coupling this cutting edge technology with Wright's sterling reputation for commercial mower longevity, the Wright Stander X™ is a commercial mower in a class of its own.

- Compact footprint and space-saving design
- Recessed caster wheels for a smaller turning radius
- Air-tapered surfaces that eliminate clumping
- Airflow that stands grass up for a uniform cut
- Anti-scalp rollers for smooth, even results on varying terrain

These specifications for commercial mowers speak for themselves. Scag mowers and Grasshopper mowers don't have this same type of technology. Test out a Wright Stander X™ and see for yourself! Or, try one of our other Wright mowers like the latest [Stander Intensity](#).

**Wright provides a 2-year Limited Warranty on all commercial mowers, which covers parts and labor. See your local Wright mower dealer for further details on this and other top-of-the-line Wright commercial mowers.**

## Stander ZK: Riding Mower

**Even your biggest mowing jobs are a breeze with unprecedented control, speed, and stability.**

It's more than just a new look for the Stander ZK™—it's a complete rethinking and re-engineering of one of today's most capable stand-on mowers. Every aspect of the ZK has been upgraded for increased reliability – with better balance, lighter weight, a larger, roomier foot platform, internal wet disc brakes and so much more. And, it now comes with the AERO CORE™ deck for unbeatable performance under any mowing conditions. From every viewpoint, it's a must-see for any professional who needs a machine that can do it all.

- Rugged, durable deck sizes of 52" and 61"
- Engines: 25.5 and 27.0 HP Kawasaki
- Short overall length for greater maneuverability than any mid-mount Z
- Outstanding performance on hills with low center of gravity and wider track on 61" model
- Increased room to move around on platform for quick step-offs to exit or to pick up debris
- Fully independent L/R hydro systems
- Improved mulching performance
- Elastomer bumpers for progressive ride control

- Larger fuel capacity

The Stander ZK comes with one of the most advanced cutting decks available today, the revolutionary Wright AERO CORE™ deck. Every inch of the deck is designed to deliver unparalleled cut quality, turn-on-a-dime maneuverability and the reliability you expect from Wright. The AERO CORE™ deck includes:

- Compact footprint and space-saving design
- Recessed caster wheels for a smaller turning radius
- Air-tapered surfaces that eliminate clumping
- Airflow that stands grass up for a uniform cut
- Anti-scalp rollers for smooth, even results on varying terrain

**Wright provides a 2-year Limited Warranty on mowers, which covers parts and labor. See your local Wright dealer for further details.**

## Stander I: Riding Mower

**Bringing the compact stand-on to a whole new level.**

The Stander Intensity brings the extra compact stand-on to a powerful new level. The Stander I is compact yet versatile enough to take on the big jobs, with even better weight distribution for handling hilly terrain. And now with the free floating AERO CORE™ cutter deck, the Stander I delivers cut quality that's second to none in any mowing environment. The most reliable, rock solid mower just got better. And that's a beautiful thing.

- Rugged and durable deck sizes of 36", 48" and 52"
- Engines: 18.5, 19.0 and 22.0 HP Kawasaki
- Deck height adjustable in 1/4" increments
- Smaller size means you can fit more mowers on a trailer
- No seat, seat belts or arm rests mean you can step off for a quick exit or to pick up debris
- Floating foot platform provides greater comfort to a wider range of operators
- Quick access to hoses and pumps for easier maintenance
- Outstanding control and handling for trim mowing

## AERO CORE™ DECK

The Stander I comes with one of the most advanced cutting decks available today, the revolutionary Wright AERO CORE™ deck. Every inch of the deck is designed to deliver unparalleled cut quality, turn-on-a-dime maneuverability and the reliability you expect from Wright. The AERO CORE™ deck includes:

- Compact footprint and space-saving design
- Recessed caster wheels for a smaller turning radius
- Air-tapered surfaces that eliminate clumping
- Airflow that stands grass up for a uniform cut
- Anti-scalp rollers for smooth, even results on varying terrain

## Sport: Riding Mower

Whether your preference is sitting or standing, get the job done the Wright way.

SPORT X™

Master the art of mowing in virtually any environment with the Wright Sport X™. Its compact footprint and streamlined saddle profile lets you sit or stand to navigate tight spaces. Yet its powerful engine options and light weight deliver the speed you need to quickly finish off open areas. And its floating Aero Core™ deck provides a smooth, even cut over hills and varying terrain. Get the eye-opening results you want on every job with the Sport X.

- Rugged and durable deck sizes of 48", 52" and 61"
- Engines: 22.0 and 23.5 HP Kawasaki; 24.2 Kohler Command Pro EFI
- Floating deck design for smooth, even results
- Smaller and lighter than the competition for handling tight spaces
- Small footprint lets you fit more mowers on a trailer
- With the seat behind the engine, you can easily step off for quick exit or to pick up debris
- Operator Balance Control (OBC) lets you shift your weight instantly to handle changing terrain
- Quick Cut™ height adjustment changes from 1.5" to 5.0" easily

## AERO CORE™ DECK

The Sport X comes with one of the most advanced cutting decks available today, the revolutionary Wright AERO CORE™ deck. Every inch of the deck is designed to deliver unparalleled cut quality, turn-on-a-dime maneuverability and the reliability you expect from Wright. The AERO CORE™ deck includes:

- Compact footprint and space-saving design
  - Recessed caster wheels for a smaller turning radius
  - Air-tapered surfaces that eliminate clumping
  - Airflow that stands grass up for a uniform cut
  - Anti-scalp rollers for smooth, even results on varying terrain
-

SPORT RH™

**The standing or sitting position provides maximum operator balance and control.**

**Precise handling and rapid height adjustment let you handle a variety of terrains with ease.**

The Sport RH™ delivers the same lightweight, compact design as our Sport X model for handling tight spaces. Plus it has a convenient rapid height adjustment feature so you can cut different types of grass, on smooth or variable terrain, with complete confidence. A single, easy-grip lever allows adjustments in precise 0.25" increments. In any landscape, the Sport RH puts you in total control.

- Rugged and durable deck sizes of 36", 48" and 52"
- Engines: 18.5 and 19.0 HP Kawasaki
- Rapid height adjustment design for easy cut height selection
- Same compact design, light weight and operator balance control (OBC) as Sport X model for handling tight spaces and maneuvering to better manage changing terrain
- RH Quick Cut™ height adjusts from 1.0" to 5.0"

**Wright provides a 2-year Limited Warranty on mowers, which covers parts and labor. See your local Wright dealer for further details. [Book a Wright Commercial Mower demo today!](#)**
